

Observe A Tree

<p>Measure the circumference of your tree trunk.</p>	<p>Draw something you see on your tree using a magnifying glass.</p>
<p>Measure the length and width of a leaf from your tree.</p>	<p>Sketch a seed, pod or nut you find on your tree.</p>
<p>Draw some distinctive features of your tree.</p>	<p>Can you find anything alive on your tree? (bugs, birds, fungus...)</p>

On the back of the page:

1. Trace a leaf from your tree and color it in with lots of detail.
2. Write a poem about your tree or prayer to God in thanksgiving for trees.
